學生學習概覽
Student Learning Profile

發出日期 Date of Issue: 2026-02-13

學生資料 Student Particulars			
學生姓名 Student Name	譚日桁 Tan Yat Hang Matthew	身份証號碼 HKID:	S1761759
出生日期 DOB:	2007-11-15	性別 Gender:	男 M
學校名稱 Name of Educational Institution:	The Chinese Foundation Secondary School	學校編號 School Code:	536598
學校地址 School Address:	9 Harmony Road, Siu Sai Wan, Hong Kong		
學校電話 School Phone:	29047322		

校內高中學科成績 Academic Performance in School at Senior Secondary Level						
		2025-2026 S6		2024-2025 S5		2023-2024 S4
科目 Subject	滿分 Full Mark	校內表現 Mark/Performance in School	滿分 Full Mark	校內表現 Mark/Performance in School	滿分 Full Mark	校內表現 Mark/Performance in School
Physics	160	140.2	160	132.8	160	135
Physical Education	A	C	A	C	A	C
Information and Communication Technology	160	130.7	160	135.9	160	138.7
Chemistry	160	130.8	160	140.2	160	145
Chinese Language	200	79.1	200	99.6	200	97.9
English Language	200	134.9	200	147.5	200	159.7
Mathematics	200	177.6	200	164	200	182.8
Mathematics (2. Algebra and Calculus)	160	142.1	160	133.1	160	--
Citizenship and Social Development	100	42.7	100	56.5	100	57.4

其他學習經歷 Other Learning Experiences
其他學習經歷的有關資料，須由學校確認。其他學習經歷可透過由學校舉辦或學校與校外機構合辦的學習活動獲得，包括在上課時間表以內及/或以外的學習時間進行的有關學習經歷。除核心及選修科目外，在高中學習階段的其他學習經歷，尚包括價值觀教育、藝術發展、體育發展、社會服務及與工作有關的經驗。 Information about Other Learning Experiences must be validated by the school. Other Learning Experiences can be achieved through programmes organised by the school or co-organised by the school with outside organisations. They may include learning experiences implemented during time-tabled and/or non-time-tabled learning time. Apart from core and elective subjects, Other Learning Experiences that the student participates in during his/her senior secondary education include Values Education, Aesthetic Development, Physical Development, Community Service and Career-related Experiences.

活動項目(及簡介) Programmes (with description)	學年 School Year	參與角色 Role of Participation	合辦機構 (如有) Partner Organizations (if any)	其他學習經歷範疇 Components of OLE	獎項 / 證書文憑 / 成就* (如有) Awards / Certifications / Achievements* (if any)
Poland Educaiton Tour --	2024-2025	Participant	--	Moral and Civic Education, Aesthetic Development, Career-related Experiences	--
HD Campus TV Team --					
HD Campus TV Team --	2024-2025	Team member	--	Aesthetic Development, Career-related Experiences	--
HD Campus TV Team --					
Project-based learning --	2023-2024	Team member	--	Aesthetic Development, Career-related Experiences	--
Discipline Prefect Team --					
Discipline Prefect Team --	2021-2022	Member	--	Intellectual Development	3rd Place Grand Award
Discipline Prefect Team --					
Discipline Prefect Team --	2024-2025	Senior Prefect	--	--	Long Service Award Outstanding Performance Award
Discipline Prefect Team --					
25th Anniversary Variety Show --	2023-2024	Prefect	--	Others	--
25th Anniversary Variety Show --					
賽馬會「無限亮」教育及社區外展節目-《鋼琴與夢想 李昇巡迴音樂分享會》 --	2024-2025	Performer	--	Aesthetic Development	--
賽馬會「無限亮」教育及社區外展節目-《鋼琴與夢想 李昇巡迴音樂分享會》 --					
「觸情生情」VR體驗周 活動採用學習科學與科技中心研發的虛擬實境教學平台EduVenture® -VR, 透過虛擬實境科技, 打破時空限制, 學生可於課堂進行具文學元素的虛擬場景考察, 提高學習動機, 並誘導他們對社區的景物人情作仔細觀察, 從而產生個人興趣和感受, 提升中文讀寫能力、培養語文素養及人文關懷精神。	2022-2023	Participant	中大學習科學與科技中心	Intellectual Development	--
米埔濕地解構之旅 中三同學在兩天學習活動日中分別參加與自然或文化有關的活動, 期望提升同學們對可持續發展的理解, 也學會愛護自然與提升人文素養。					
Ocean Park Animal Care Programme --	2022-2023	Participant	--	Intellectual Development	--
Green Guru: The Oyster Odyssey: Restoring Hong Kong 's Lost Treasure Exhibition (Responses) --					
Eco Expo Asia 2023 --	2020-2021	Participant	--	Moral and Civic Education, Career-related Experiences	--
Oxfam Poverty Workshop --					
CS Tour to Guangdong Province in China --	2023-2024	Participant	Maritime Museum	Intellectual Development, Aesthetic Development	--
CS Tour to Guangdong Province in China --					
CS Tour to Guangdong Province in China --	2023-2024	Participant	--	Moral and Civic Education, Aesthetic Development, Career-related Experiences	--
CS Tour to Guangdong Province in China --					
CS Tour to Guangdong Province in China --	2024-2025	Participant	--	Moral and Civic Education, Community Service	--
CS Tour to Guangdong Province in China --					
CS Tour to Guangdong Province in China --	2023-2024	Participant	--	Moral and Civic Education, Career-related Experiences	--
CS Tour to Guangdong Province in China --					

校外表現 / 獎項及重要參與

Performance / Awards and Key Participation Outside School

學生可向學校提供一些在高中階段曾參與過而並非由學校舉辦的學習活動資料。學校不須確認學生的參與資料。在有需要時, 學生須負全責向相關人仕提供適當證明。

For learning programmes not organized by the school during the senior secondary education, student could provide the information to the school. It is not necessary for the school to validate information below. Student should hold full responsibility to provide evidence to relevant people when requested.

活動項目(及簡介) Programmes (with description)	學年 School Year	參與角色 Role of Participation	合辦機構 Organization	獎項 / 證書文憑 / 成就* (如有) Awards / Certifications / Achievements* (if any)
Hong Kong Student Science Project Competition (HKSSPC) 2022 (Junior Division)	2021-2022	Participant	The Hong Kong Federation of Youth Groups	Best Potential Award
USA Computing Olympiad 2025 February Contest, Silver	2024-2025	Participant	--	Scored 178 out of 1000
USA Computing Olympiad 2025 January Contest, Bronze	2024-2025	Participant	--	Scored 1000 out of 1000
Hong Kong Air Cadet Corps	2018-2019	Cadet Lance Corporal	--	--
CityU-Learning Classroom for Secondary School Students (Summer 2023) - How Holograms are Made	2022-2023	Participant	City University of Hong Kong	--
CityU-Learning Classroom for Secondary School Students (Summer 2023) - From Circle to Sphere: A Signal Tour	2023-2024	Participant	City University of Hong Kong	--
CityU-Learning Classroom for Secondary School Students (Summer 2023) - The Art of Recycling	2024-2025	Participant	City University of Hong Kong	--
青苗文學獎高級小說組	2022-2023	Participant	--	優異獎
宜昌音樂交流團	2023-2024	Participant	柏斯琴行	--
Grade 5 Clarinet Performance	2023-2024	Participant	The Associated Board of the Royal Schools of Music	Merit
Grade 5 Music Theory	2022-2023	Participant	The Associated Board of the Royal Schools of Music	Passed with distinction
Hong Kong Joint School Music Competition 2025 (Secondary Woodwind Ensemble)	2024-2025	Participant	Hong Kong Joint School Music Association	Silver Award
Hong Kong Joint School Music Competition 2025 (Secondary Symphonic Band)	2024-2025	Participant	Hong Kong Joint School Music Association	Silver Award
Hong Kong Joint School Music Competition 2025 (Secondary Orchestra)	2024-2025	Participant	Hong Kong Joint School Music Association	Silver award
Hong Kong School Drama Festival 2023-2024	2023-2024	Costume Designer	The Education Bureau and The Hong Kong Art School	Award for Outstanding Cooperation

* 有需要時可提供 獎項 / 證書文憑 / 成就 作證明

Evidence of awards/ certifications/ achievements listed is available for submission when required

學生自述 (可選擇填寫)

Student's 'Self-Account' (Optional)

學生可於此欄分享其高中學習生活及個人發展之得著或提供額外資料，好讓其他人仕(例如各大專院校及未來僱主等) 作參考之用。為提供更全面的內容，學生可考慮提及於高中前所獲得的重要成就。

In this part, student could provide additional information to highlight any aspects of his/her learning life and personal development during the senior secondary education for readers' (e.g. tertiary institutions, future employers) references. In order to give a fuller picture to the readers, student could consider to provide information about their key achievements before the period of senior secondary

The mechanics behind the universe and the possibilities stemmed from it have intrigued me throughout my childhood. From a young age, I have been amazed by images illustrating the working principles of components that composed our cosmos. Growing up in an ever evolving world, there is no lack of shivers running down my spine. But Marie Skłodowska-Curie says, "Nothing in life is to be feared, it is only to be understood." By exploring and applying science, I can illuminate a path for myself and my communities. I am eager to have science and its application to be the direction of my academic pursuit. It is my belief that I am well-suited for studying in these fields.

During my secondary school studies, Chemistry and Information and Communication Technology (ICT) were my favourite subjects. In Chemistry, I am thrilled to learn new concepts, such as different categories of chemical species and exciting reactions. I have treasured every opportunity to enter the laboratory, strictly adhering to accuracy in measurement and the principle of "Seeing is believing" in any experiments. Likewise, studying ICT has given me practical experience in programming and digital tools. While finishing the School-based Assessment, I was enjoying myself in the process of implementing new features. For example, I once came up with an idea to adjust the color of the text and the background so that people with color-blindness could navigate the website easily. As I did more research, I learnt about the Web Content Accessibility Guidelines, which provides requirements for making digital content accessible to people with disabilities. Passion has driven me to learn efficiently and attentively, which earned me the top 3 in both subjects in S.4 and S.5. I believe that my curiosity will keep me well-suited for further educational pursuits in science-related subjects.

Outside campus, I have been participating in the USA Computing Olympiad (USACO). The competition requires participants to solve algorithmic tasks by writing computer programs. The knowledge required to solve them is not usually taught in secondary schools. However, facing more challenging questions only makes my heart itch more. Through learning outside school, coupled with trials and errors, I have gathered knowledge of algorithms, such as greedy algorithm and depth-first search. USACO also demands intensive thinking skills. Some questions, such as 2D Conveyor Belt from 2024 December Contest, even require reverse thinking. My ability to think logically and solve problems has improved as a result of being promoted to Silver Division in 2025 January Contest. Equipped with algorithmic thinking and fundamental programming skills, I established a technical foundation to pursue further education in, not only computing, but also science or even other subjects since the world intertwines with programming more as it progresses.

Beyond academics, I am a collaborative individual. I was a school Discipline Prefect in 2023-2025. To maintain discipline in the school, I must cooperate with other prefects and follow the instruction from head prefects. In order to achieve this, clear and direct communication was needed between prefect and prefect as well as prefect and schoolmate, especially during school events involving the whole school such as the Aquatic Meet. I was trained along with other prefects to be brave and clear when articulating the exact action we would like to take. Accomplishing tasks through collaboration has earned me the Outstanding Performance Award. My communication skills were enhanced, which have been better prepared for further group projects.

Aesthetically, I was a member of the School Orchestra, playing clarinet and later bass clarinet. We have won the Silver Award in Hong Kong Joint School Music Competition in 2023, 2024 and 2025. Although my parts are usually bassline and the attention I received pale in comparison with the melody, I still devoted myself to playing my best and contributing harmonical support to the whole piece. Even if I had the urge to play forte, I would try to suppress it, knowing that it would disturb the dynamics of the piece. One example was Pastoral Symphony by Beethoven. One section consisted of triplets immediately after a climax. While it may be irresistible to continue the momentum, it would be more harmonical to give ways to the violin. I told myself to pay extra attention to these details while practicing and performing, blaming myself for violating them.

I was also a senior producer of the HD Campus TV Team. I often tackle teeny details, ensuring that the cameras can capture the importance of school events, such as Open Day. While collaborating with other team members, I worked diligently to complete any tasks at the best quality possible. I was also exposed to operation of camera cranes as well as usage of video-editing tools, further imbued me with experience with mechanical parts and multimedia. The spirit of perseverance will bring me through my tertiary studies.

With these abilities obtained throughout my experience, I am confident that my passion, critical thinking skills and diligence will guide me during my study of science. As I understand more, I can prepare myself for an ever-changing world.
